School Delayed

OHS Kindergarten Postponed One Week

Old Hammondtown School (OHS) in Mattapoisett has experienced a mold problem for the past several weeks. The school's new air conditioning equipment did not perform according to specifications during the hot, humid weather and, unfortunately, a wet mold-friendly environment developed in many areas of the building. Most of the school has been entirely cleaned and made mold-free at this time, however three rooms that had more extensive damage will not be ready for the planned start of school on Tuesday, September 2.

Because they need every available space for K-6 classes at Old Hammondtown, they will need to delay the start of the year for Kindergarten students until the three rooms have been repaired. At this time, school officials have been assured that all the repairs will be completed in plenty of time for them to begin Kindergarten classes during the week of September 8 (Kindergarten Orientation will take place on September 8, and the first day of school for Kindergarten students will be Tuesday, September 9). If the classrooms are still not available at that time, other arrangements for off-site spaces will be made to ensure that classes are not delayed for more than a week.

"I apologize for the disappointments and dislocations that might be caused by the one-week delay for Kindergarten (students)," said School Superintendent William R. Cooper in an official statement. "We are most distressed to have to take such measures, but it is important that every space in the school utilized by students and staff is safe and healthy."

honored at a party of former and present FISH volunteers held on August 21 at the Council on Aging (COA) office in the Knights of Columbus Hall.

Representing the Mattapoisett Board of Selectmen, Selectman Stephen J. Lombard presented Ms. Holt with a Certificate of Appreciation for her over 30 years of dedicated service to the town. Eileen Sargent, President of the Friends of the Elderly, presented Norma with several gifts representing Mattapoisett.

In 1996 she was honored with *The Wanderer* Keel Award and in 1998 Ms. Holt received the first Phil Zeimetz Award for community service. There is a plaque on display at the Public Library listing her name among the recipients.

Ms. Holt commented that her leaving Mattapoisett was "bittersweet" because of all the friends she has made here, but that she was looking forward to new challenges in New Hampshire where she will be moving to be near her daughter.

"My involvement with FISH for over 30 years has been enjoyable and rewarding — not the least of that being getting to know and work with all the other volunteers," she said. She thanked everyone for being so loyal and dedicated. She hoped the volunteers would continue to support this greatly-needed service and added that Florrie Smith will take over her duties.

Rochester Land Trust Offers Roast, Raffle

The Rochester Land Trust spent Saturday, August 23 at the Rochester Country Fair, with its sixth annual Pig Roast under the red and white striped tent at 6:00 pm. They finished just before 8:00 pm when the spectacular bonfire and music by The Relics started. Folks curious about land conservation, finding their land on our giant maps, or interested in buying chances on raffle items came by their booth from 10:00 am to 4:00 pm. People got updated on the Eastover Farm project and learned about efforts to preserve more Rounseville land in the Mattapoisett River Valley.

The raffle was great fun, although some folks who came to the Pig Roast later that evening were disappointed that they didn't have a raffle then, too. The Land Trust will make up for it next year! They want to thank all of the contributors: Anne Bramhall gave a yoga class, Megan Corriea-Bittner (Bennett Farm) gave private riding lessons, Sunnynook Farm gave bird seed, Movies and More gave a "tea time" basket and movie, and Bunny Mogilnicki gave a dried flower centerpiece.

David Smith, CMT, gave a one-hour therapeutic massage, Lloyd's Market not only provided drinks, ice and watermelon at cost, but also gave two $25 gift certificates. The Rochester Golf Club gave four 18-hole rounds of golf. New Millennium Reiki gave a reiki session, the Mattapoisett Inn gave brunch for two. Mike and Roxanne Costa gave two $35 L.L. Bean gift certificates. Cervelli's Farm stand donated a $10 gift certificate and the Mayflower Bank gave a $25 gift certificate for a new account. R & W Rope Warehouse (Rod McCollister) donated horse leads and dog leashes.

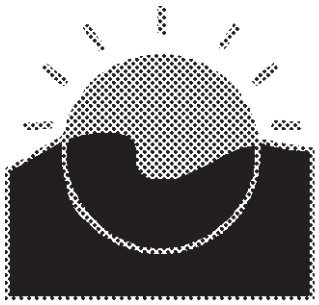

The Pig Roast was tastier than ever with barbequed pork shoulder, cole slaw, beans, rolls, salad (from Jonathan's Organic) and fresh tomatoes from Rochester gardens. They had a silent auction where Steve Sperry donated an air tour of Rochester, Koczera Discount Oil gave 100 gallons of heating oil, Marion Chiropractic donated $100 of chiropractic services, and Mike & Roxanne Costa gave a $100 L.L. Bean gift certificate. There

• Monday, September 8 at 7:00 pm – Next regular weekly Selectmen's Meeting.

At 7:00 pm the board met with Raymond Hanks, Assistant Building Inspector, to discuss reimbursement for mileage and/or insurance coverage for expenses incurred while driving an employee-owned car on town business. The board agreed that they needed to research the present town policies and those of other towns before making any decision that would affect many town employees who use their personal cars while conducting town business.

At 7:15 pm applications for Class II Used Car Dealer's Licenses for Benjamin P. Hansbury and Benedict Murray were considered. After discussing the particulars of storage, repairs, and the like, and there being no one in opposition, the licenses were approved unanimously and signed.

At 7:30 pm appointments to the Finance Committee (FinCom) were made by Town Moderator Jack Eklund, Selectmen Chairman Barry Denham, and School Committee Chairman Andy Lynch. All three unanimously voted to appoint the following for a three-year term ending July, 2006: Cornelius J. Coleman (east), Richard A. Gamache (north), and Dennis M. Perry (west).

At 7:45 pm Finance Director/Town Accountant Judith Mooney met with the board for the purpose of approving and signing the roll-over of bonds.

Under outgoing correspondence, the board sent:

• Distribution of the town's Notice of Intent and Stormwater Management Program documents.

• Memo to Finance Director/Town Accountant relative to the recent inquiry relating to health insurance coverage.

• Memo to Town Counsel requesting that he evaluate the town's Conflict of Interest Classification. The board agreed that this should be discussed with Town

Adams will check with them to see if this must be a Selectman or if the new Town Administrator could fill the position.

• Memo from Tony and Christine Moniz complimenting the Building Department staff for their guidance and direction during their application process and thanking them for their help.

• Copy of a letter from Tighe & Bond requesting that a reduction in the frequency of groundwater monitoring at the landfill from semi-annual to annual monitoring be considered by the Department of Environmental Protection (DEP). The reduction in sampling and analysis will save the town significant funds while maintaining the groundwater monitoring program.

Selectman Denham next provided an update on the status of the interview process being conducted for the selection of a Town Administrator. The board received a total of 45 applications which they narrowed down to seven applicants. After interviewing all seven, the board has agreed upon three highly qualified finalists. The three finalists will be interviewed during the September 8 Selectmen's meeting in Open Session. The finalists for the position of Town Administrator are:

• Michael J. Botelho, 165 North Avenue, Rockland, MA;

• John F. Dolan Jr., P.O. Box 373, Westport Point, MA; and

• Robert T. Reed, 106 Fisher Street, Medway, MA.

Selectman Lombard suggested the idea that perhaps it would be advantageous to consider having a company evaluate the roads in Mattapoisett with regard to condition, improvement, and upkeep as part of a capital plan. These roads are an important asset to the town and a software program would be invaluable for future use. Selectman Denham agreed that a list of the worst roads would solve many problems including which

roads would be addressed first. Selectman Andrews felt the idea had merit especially if it were done in conjunction with the Highway Department.

In regard to a previous meeting with representatives of the Mattapoisett Neck Road Restoration Project, they should be informed that the Water/Sewer Department should be involved in any discussions because the water main goes along the Old Mattapoisett Neck Road and would have to be moved before any work could be done in that area. In addition, any matching funds would have to come before Town Meeting.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:00 pm.

O'Brien to discuss the timetable for her impending maternity leave so the board could plan on hiring a replacement. Ms. O'Brien said she plans to work through November 1.

"I guess there was some question about my coming back," Ms. O'Brien said. "It's not so much I'm asking you to hold a position for me ... but I would like to stay on with the department (in some capacity)."

The board just wanted to clarify that Ms. O'Brien would be working through November 1 and agreed they would hire a full-time replacement as of that date.

Mr. Huntoon said he would keep the Chief Dispatcher's position posted "in house" for another week and then advertise it outside town.

At 7:05 pm the board met with Town Planner Randall Kunz to review two articles being proposed for the October Special Town Meeting warrant. The board had some questions about the articles, including whether the minimum lot size was simply two or more acres. Mr. Kunz said the articles, if passed, would revert the minimum lot size to two acres.

"So you're bringing it back to a two-acre (minimum) lot," Chairman Parker said. "I just wanted to know what the bottom line was ... it's going to be two acres, (and) so much of it has to be upland."

Building Inspector Bob Francis was asked to sit in and admitted some of the confusion was caused by the fact that two different definitions utilized the term "buildable area" in the by-laws. To him, "uplands" and "buildable" do not imply the same thing.

"This correction will bring us back to the original (interpretation)," Selectman Laboa said. "We're basically just changing the language so we can continue doing it the way we've been doing it."

With that, the board unanimously voted to place the article on the October 6 Special Town Meeting as submitted by Mr. Kunz.

Police Chief Paul Magee then briefly noted the Police Department had acquired a new replacement police cruiser earlier in the day and he wanted to show it to the board members. After the meeting, they viewed the vehicle parked outside the Town Hall.

Under the Town Administrator's report, Mr. Huntoon noted they have thus far sent out 17 Requests for Proposals (RFPs) for the Memorial School Renovation Project. He added that given this year's enrollment, the need for expansion is very timely. "There is a net increase of 43 new students in K-6 at Memorial School," Mr. Huntoon said.

Mr. Huntoon also noted the Board of Assessors have scheduled a reclassification hearing for September 15 and noted the board needed to sign and approve an application for a $280,500 grant to acquire 85.25 acres of

From the desk of
Edward J. Haggerty Sr.

In the aftermath of the World Trade Center Tragedy of September 11, 2001 many of our clients have been inquiring about their Life Insurance and Travel Accidental Death & Dismemberment policies which cover the client and/or family members 24 hours a day, seven days a week. Questions such as "am I adequately covered", or "how much life insurance do I really need" or "can I just cover my mortgage", are not uncommon. It became very clear that we must search for policies that fit many individual circumstances.

Integrated Solutions is committed to finding policies that fits the individuals wants and needs. For example, there is an Accidental Death & Dismemberment policy that offers a $3,000 benefit at "no cost" to persons age 18 and older with guaranteed acceptance and no health question, no occupation questions, no medical exam, no questions about hazardous avocation or hobbies. Addition low cost protection is available up to $250,000 Also, a Family Plan is available to provide additional levels of protection.

Term Life Insurance policies come with a great variety of features such as number of years the premium is paid (with and without guarantees) death benefits that are level or decreasing (with or without guarantees). For example, age 0 to 25, there is a policy that provides a $20,000 level death benefit at a premium of $50.00 a year or a policy with a level death benefit of $10,000 for $25.00 a year. Both benefit and premium is guaranteed. At age 28, this protection can be converted to a permanent insurance policy. In addition to converting your protection at age 28, you'll have the opportunity to add further coverage of $10,000 or $20,000 by applying again at ages 31 and 34 ***without proof of Insurability.*** You can accumulate up to **$60,000 of life insurance coverage.**

There are hundreds of life insurance companies that offer term insurance and many ways to apply for these policies. For example, radio, television, internet, newspapers, magazines and daily we are barraged by direct mail and telemarketers. Many consumers are disturbed to find out they don't qualify for the lowest term rates. The *Integrated Solutions* team has the experience, knowledge and resources to assist each individual and collects information needed to search for the right benefits: gearing benefits to specific needs at the right price.

Over the last ten years, the consumer has taken charge of the term life insurance marketplace by demanding low rates. This has caused a spiraling downward trend in rates by carrier after carrier. Hence, anyone who owns a term policy that is more then a year old needs to consult with a life insurance professional.

There are new concepts for term insurance buyers that give guaranteed premiums, guaranteed level death benefits (10, 15, 20, 25 and 30 year) periods of coverage. The newest term life policy offers 15, 20 and 30 year coverage with guaranteed benefit, guaranteed premium and guaranteed return of all premiums paid at the end of the benefit period.

Eastover Farm. Lastly, Mr. Huntoon said he sanctioned a Blood Drive to be held at the Rochester Senior Center and he needed the board's blessing to authorize payment to the building's janitor for the overtime worked.

At 7:30 pm the board met with Board of Health (BOH) Chairman John Lafreniere to discuss an upcoming annual meeting with representatives from SEMASS. He also wanted to assure the board that SEMASS is committed to working with the town in light of the concerns raised recently by Selectman Nunes.

"I'd like to have the support of the Board of Selectmen to come to that meeting," Mr. Lafreniere said. "If the board wants to get into other issues, or talk to SEMASS about other issues, it can be brought up at that time. I think it's important for the Selectmen to be there."

The board agreed to attend the meeting and Selectman Laboa added he had a brief conversation with Selectman Nunes over the weekend about his call to monitor SEMASS' progress.

"Obviously we need to view and treat SEMASS as an important source of revenue for the town," Selectman Laboa said. "Then, again, they are a private company and we need to be careful before we go asking questions. I don't want to make everyone think there's an immediate problem — there isn't, in my opinion."

Resident and Industrial Development Commission (IDC) member Justin Shay was present at the meeting and said he was the one who initiated the inquiry into SEMASS which Selectman Nunes made at subsequent meetings. "It just made sense to me to familiarize myself with their operations," Mr. Shay said. "I didn't intend for it to offend (SEMASS). I have some visions for SEMASS which may not fit with what (the Board of Selectmen) wants."

"SEMASS is a private corporation — they don't

care what our vision is for them," Chairman Parker said. "There was a time when the town was intruding into SEMASS' business. SEMASS felt that in order to do their job, they wanted to restrict (town) contact to one person. They suggested the town select one person to be the liaison between the town (and them)."

Mr. Shay said he felt compelled to inquire of the town's key revenue source as a member of the IDC.

"John Lafreniere is the contact between the town and SEMASS," Selectman Laboa said. "Just be careful that when you're representing (yourself as the) IDC you're representing something that came out of a meeting. I'd love to see you get the new and old (IDC) members going ... that's been the problem. No one is (taking the lead) now."

As a former member of the IDC, Selectman Laboa did see the group playing a role in keeping lines of communication between the town and SEMASS open, however. "I don't think we've been real proactive with what the town could do for SEMASS (either)," he said. "I think the topic needs to be monitored carefully ... (and)

we need to be careful how we approach it. We need to go through the proper channels."

Under incoming correspondence, the board received a memo from Fire Chief Scott Ashworth requesting an article be placed on the October 6 Special Town Meeting warrant to allocate $150,000 to fund an addition to the Highway Barn on Ryder Road to garage fire apparatus. The board agreed to place the article on the Town Meeting warrant as submitted.

Due to the Labor Day Holiday on Monday, September 1, the board agreed to hold their next meeting on Tuesday, September 2 at 6:00 pm.

At 7:45 pm the board met with Richard Mecke to discuss proposed road acceptances. Mr. Mecke said he met with the Planning Board and Highway Surveyor and he has previously submitted the "as-built" plans for both roads. The board unanimously voted to refer this matter to the Planning Board for their final approval.

Under New Business, Selectman Laboa suggested sending a letter of appreciation to the Rochester Country Fair Committee and all the town employees including members of the Police Department, Fire Department, and Highway Departments for their assistance in the week-end-long festivities. "It was a great event and a great weekend," Selectman Laboa said. "We should certainly thank them for putting on an event that the Town of Rochester can be proud of."

YOUR AREA REAL ESTATE FORUM WITH

Bruce E. Rocha Sr.

IMPROVE YOUR TRADE UP?

It seems like elementary arithmetic. You add a $10,000 bedroom to your home. Your place is now worth $10,000. more, right? The cold fact is that the cost of a home improvement is usually greater than the value it adds to the property. Why is the outlay seldom fully recovered? Mainly because additions and renovations almost always cost more per square foot than building complete homes.

For many homeowners, the decision should be whether to fix-up or trade-up. Selling your place and buying another that already has that modern kitchen or garage might be the better course. To decide, you must consider the amount of profit you might make on the sale, what tax breaks you'd get on the higher proportion of interest to principal on the new mortgage, property taxes on the new place compared with those on your improved home.

Remember, it costs less to buy an improved kitchen in an existing home than putting one in yourself. This is an important consideration in trading up.

Letters to the Editor

To the Editor:

It is with great pleasure that the Mattapoisett Road Race Committee announces the recipients of this year's Mattapoisett Road Race Scholarships. Congratulations to these outstanding 2003 graduates of Old Rochester Regional High School!

This year, with the proceeds of the 33rd Annual Mattapoisett Road Race, we were able to award $1,000 scholarships to the following ten graduates of the Class of 2003: Maureen Best, Annice Correia, Jenna Crowe, Kaitlin Hansen, Emily Johnson, Jonathan Lopes, Peter Lorenco, Michael Raposo, Eric Sperre, and Ali Velazquez.

On behalf of the Mattapoisett Road Race Committee, I would again like to thank the many runners of our race, and the always generous sponsors of our race, who made it possible for us this year to award more scholarships than ever before. We look forward to next summer!

Sincerely,
Danny White, Director
2003 Mattapoisett Road Race

The choir is composed of young men from throughout the New England area. You're invited to come and hear the testimonies of young men who were bound by life-controlling problems such as drugs, crime and alcohol and have found freedom, new hope and new life in God!

An independent government survey showed Teen Challenge to have a cure rate of 84.6 percent. Government programs have less than a 10 percent cure rate!

Teen Challenge New England/Brockton ministers to the total person ... spiritually, physically, mentally and emotionally. A balanced program of education, a congenial family atmosphere, work responsibility, physical activity and vocational training compose the complete program.

Teen Challenge New England - Brockton is located in Brockton, MA and is directed by Reverend Rodney Hart.

Animal Advice

Jay Gould, DVM

FLEA ALLERGIES

My dog itches almost constantly in the summer and fall and looses hair over his back near his tail. A friend said it could be caused by fleas, but I rarely find more than one flea at a time. any thoughts?

Your friend may be right. Many dogs and cats are allergic to flea saliva. All of the changes in your dog's skin can be caused by 1 flea bite a week. Cats with flea allergy dermatitis tend to get small scabs all over their body. Treatment involves strict flea control in your home as well as on your pet. Talk to your veterinarian about Advantage and Frontline.

Movie Review

Hip-Flop

By Rob Gonsalves
http://robsreviews.cjb.net

***Marci X.* Starring Lisa Kudrow and Damon Wayans. Directed by Richard Benjamin. Running time: 100 minutes. MPAA rating: R.**

Marci X is the kind of terrible movie I'm almost glad I've seen, because this year probably won't bring a worse movie than this. Lisa Kudrow must also be glad that it's finally come out (after something like two years on the shelf), so that she can deal with it and move on with her life; she may have been dreading the film's inevitable release the way a failing student dreads a report card. *Marci X* ties with *Almost Heroes* as the worst movie featuring a *Friends* cast member, and the saddest part is that Kudrow is the best actor on the show (rent *The Opposite of Sex* if you don't believe me). This is an entirely laughless comedy written by, of all people, Paul Rudnick (*In & Out*, the *Addams Family* movies), who usually knows what's funny; he sure as hell forgot while writing this one.

Kudrow is Marci Feld, a Jewish-American Princess whose dad (director Richard Benjamin) owns a rap label that's just put out a raunchy, "controversial" new album by the smooth gangsta rapper Dr. S (Damon Wayans). A conservative senator (Christine Baranski) condemns the album, which features such gentle ditties as "The Power in My Pants." The resultant hubbub hospitalizes Marci's father with a bad case of stress; Marci takes over and tries to convince Dr. S to apologize or at least clean up his image. Combative at first, the white Jewish darling and the black playa learn to respect each other and even fall in love.

Rudnick approaches this story as a farce ungrounded in any reality known on Earth. The narrative beats in which Marci and Dr. S warm to each other are completely fake — ironic for a movie that keeps talking about "being real." When Dr. S forces Marci to rap in front of a hostile club audience, she stumbles at first but then improvises a hip-hop number called "The Power in My Purse," and everyone in the house goes nuts over it. I don't think so. When Cameron Diaz did this sort of thing in *Charlie's Angels,* giggling through her geeky white dance moves on *Soul Train,* we bought it because we, as well as the primarily black people in the club, got caught up in her sincere joy at being up there. No such luck with Kudrow, who looks faintly embarrassed.

The movie shows affection for pampered Jewish women — Marci's three debutante friends (Jane Krakowski, Veanne Cox and Sherie Rene Scott) are mildly amusing, a sort of Huey, Dewey and Louie Greek chorus supporting Marci. But Rudnick doesn't have the same instinct for hip-hop culture — he seems to base his satire on stuff he's seen on entertainment TV shows. A sequence lampooning the P. Diddy/J.Lo gunplay-in-the-club incident falls flat, and most of the black characters are cartoons seen from the outside (whereas the cartoonish Jews at least come from Rudnick's own firsthand observation, one assumes — look at his long-running "Libby Gelman-Waxner" columns in *Premiere* magazine, for instance). *Marci X* is too airheaded to be truly racist; it's just clueless.

An interesting comedy could've been made about the unlikely parallels between the baubles of rich Jews and the bling-bling hip-hop culture, and there *is* a quick scene in which Marci and Dr. S rather bitchily compare furs and jewelry. That bit shows Rudnick in his element — a generous satirist commenting on surfaces — but the rest of the movie feels like padding; even a meant-to-be-wicked sequence recasting a boy band (here called Boys R Us) as wholesome gay boys misses the mark. (Rudnick, who's gay, must've been wanting to parody crypto-queer boy bands for ages and finally saw his chance here, but couldn't he have made it funnier?) As for Kudrow, the most encouraging thing I saw regarding her career was the trailer for *Wonderland,* an upcoming drama she's in, that played before *Marci X.* She'll bounce back from this, if she remembers to stay away from "high-concept" comedies.

ago, the school committee gave the group permission to fund-raise $3,000 to bid on the used boards and Plexiglass from the Gallo Ice Hockey Arena in Bourne. New outdoor arenas, not including the surface, cost over $30,000. The committee procured the $3,000 from the Chuck Michaud Hockey Scholarship Fund. They plan to name the arena after Chuck (a very popular and successful ORR ice hockey coach who passed away a few years ago). Local sports enthusiasts Ken Letendre, Bill Mee, Tim Mathews, Rick Cole, Tom Brownell, Chris Jaskolka, Chris McDoogle, and ORR High School hockey players offered their time adn/or equipment to help move the arena and store the rink at Brownell's Boatyard in Mattapoisett.

When was the last time you were in New Bedford?
We are on one of the most beautiful streets in the historic district of New Bedford, Centre St., with it's 6 galleries, count them 6!! It's a a must see. The Whaling Museum is just around the corner with the many wonderful sites & sounds of this picturesque waterfront area. Centre Street Gallery and all our neighbors invite you to come see for yourself.

Superintendent and administrators at ORR to prepare the surface for the arena, which will probably be located behind ORR Junior High. They need to raise about $30,000 for the ground preparation and concrete. Upon completion, rental stipends from leagues, youth organizations and birthday parties, among other events, should cover maintenance and upkeep. The arena could be used for roller hockey, arena soccer, arena field hockey, basketball, tennis, lacrosse, and multiple games and sports for the junior high and high school physical education classes. There are no plans to flood and freeze this arena. Roller hockey leagues will no doubt be organized. Arenas like this can be found in Southeastern Massachusetts at Sandwich, Scituate, Rockland, Mansfield, and Plymouth. Athletic directors and recreation directors from these towns have all stated that these arenas are popular and especially helpful for the ice hockey and soccer programs.

A Benefit Golf Tournament (Shotgun Scramble) has been organized to raise money for the ORR Arena. It will be held on September 7 at 12:00 noon at the Acushnet River Valley Country Club, 685 Main Street in Acushnet. The entrance fee of $100 includes green fees, golf cart, catered Italian buffet, and prizes. Please make checks payable to "ORR Arena Fund." Prizes for holes-in-one on all Par 3 holes include: 2003 Harley Davidson Roadster; three-day Bahama Cruise on Carnival Yacht; eight-day Scottish golf trip; and a new set of golf clubs and bag. Donations are also welcome and can be sent to: Rory McFee, 1 Mariner Way, Mattapoisett, MA 02739. For more

Gone With The Wind

By Kenneth J. Souza
news@wanderer.com

I'm certain the irony of being diagnosed with terminal, inoperable lung cancer in September of 2002 and then outliving his doctor's prognosis by more than nine months is not lost on singer-songwriter **Warren Zevon**. The acclaimed artist, probably best known for the bouncy piano-driven "Werewolves of London," has always been fascinated with death, sort of like a modern-day Edgar Allan Poe who's opted to share his morbid thoughts through music rather than prose and poetry.

After all, Zevon's ersatz logo is a grinning skull wearing sunglasses with a clenched cigarette in its teeth and he is the proud author of such satirical songs as "I'll Sleep When I'm Dead," "Roland the Headless Thompson Gunner" and "Things To Do in Denver When You're Dead." Maybe this fascination stems from Zevon's self-destructive tendencies when he became the unwitting poster child for rock 'n' roll excess in the late 1970s with notorious drug and drinking binges. Although he managed to survive and clean up his act, so-to-speak, the Grim Reaper that so often made cameo appearances in his past work has now forced the performer to make a final curtain call.

A true rock-and-roller, Zevon wasn't willing to just "fade away" and he opted to go out with a bang instead of a whimper. For the past year he struggled through pain and painkillers to complete a final album titled *The Wind* which was released this past week. As a longtime fan of his work, I appreciate the dark humor of the CD's title (given that the chain-smoking Zevon is dying from lung cancer — or lack of "wind"). I also appreciate the fact that this collection is a rare and powerful testimony from someone who once satirized and taunted death and now has come face-to-face with his own mortality.

As one might expect, the themes here run the gamut from melancholy and bittersweet ("El Amor De Mi Vida," "Keep Me In Your Heart") to angry and resentful ("Numb As A Statue," "Rub Me Raw") to grim acceptance ("Please Stay"); but there's also plenty here which celebrates the singer-songwriter's vibrant rock spirit and legacy, including a rollicking duet with Bruce Springsteen titled "Disorder In The House," "The Rest of the Night" and "Prison Grove," which features an ensemble of Zevon's fellow rockers on backing vocals.

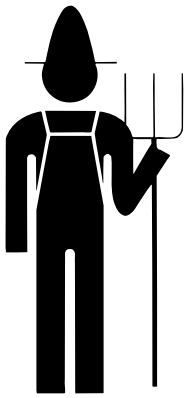

It's not surprising that Zevon, the quintessential musician's musician, has drawn an all-star cast to bid him a fond farewell on this session. In addition to Springsteen, the CD also boasts the talents of Eagles Don Henley, Joe Walsh and Timothy B. Schmidt, Tom Petty, Jackson Browne, Emmylou Harris, Dwight Yoakam, Ry Cooder, T-Bone Burnette, Tommy Shaw, John Waite, and even friend Billy Bob Thornton, all lending support and encouragement to their friend in his time of need. Given that most of these artists have collaborated with Zevon in the past, it doesn't come off as a cheap ploy to sell the CD as a "farewell benefit," either.

Surprisingly, the most compelling track here is a cover of Bob Dylan's classic "Knockin' On Heaven's Door," which sounds all the more haunting and chilling coming from a man whose days are literally numbered. There's a certain urgency and heartfelt emotion that comes through Zevon's vocals on this standard, and after watching the great VH1 "Inside Out" special on the making of the album this past week, it's understandable.

Zevon recorded the track on the night before his landmark appearance on *The Late Show with David Letterman* last year — a performance he suspected would be his last — and during a point at which he feared he wouldn't survive to complete the album. Despite the gravity of the situation, Zevon still managed to joke with longtime friend Letterman (announcing "dead man walking" when he exited his chauffeured limo and jovially telling Dave he plans to "enjoy every sandwich" from now on). Thankfully, Zevon not only lived to see the album through, but also to see the recent birth of his twin grandsons.

Although a solid and inspired session, *The Wind* may not become a venerable classic like Zevon's enduring masterpiece *Excitable Boy*, but it will certainly remain a testament to an artist who continues to smile in the face of adversity ... just like that grinning, cigarette-smoking skull.

The first part of the summer, due to the rain, you kept them indoors and they took up space.

When the weather improved, you felt obligated to put them in the car and drive them around, to the beach, dinner, just about everywhere you went.

Now, as we approach the fall, isn't it about time you get rid of them and do something for yourself?

Not your kids, silly. The prints, posters, or other art that you've been neglecting to get framed!

Bring them in today and we'll help you come up with a custom frame design that not only compliments your art, but protects it as well.

Isn't it great school is starting up again.

SALOME'S STARS

ARIES (March 21 to April 19) Your honesty might upset some people, but you inevitably win more admirers for having the courage to tell the truth when others are more likely to scramble for cover.

TAURUS (April 20 to May 20) Your efforts to defend your project begin to show favorable results. You should soon be able to win over even the most determined detractors who had lined up against it.

GEMINI (May 21 to June 20) You win praise for your selfless efforts in a very difficult situation. But be careful not to allow your generous nature to be exploited by those who have their own agenda.

CANCER (June 21 to July 22) A trusted colleague sheds light on a recent spate of puzzling workplace situations. This should give you the information you need to bring to your superior's attention.

LEO (July 23 to August 22) A shift in workplace management could be helpful for talented Leos and Leonas who have been waiting to have their accomplishments rewarded by receptive leadership.

VIRGO (August 23 to September 22) A misunderstanding between you and someone you care for should be corrected immediately. This relationship is too important to lose over a bruised ego.

LIBRA (September 23 to October 22) A welcome piece of good news helps clear the air in a family situation. A job-related incident also eases as more information provides a clearer focus on the problem.

SCORPIO (October 23 to November 21) Quick action to heal bruised feelings pays off in a big way. Now you'll be able to move forward with your plans without that problem holding you back.

SAGITTARIUS (November 22 to December 21) Your creativity combined with a positive attitude should give you a considerable edge in finding a way to get around the negativity you've run into.

CAPRICORN (December 22 to January 19) That sudden streak of stubbornness could cause some problems. Try to be more open to helpful suggestions and more flexible in making needed changes.

AQUARIUS (January 20 to February 18) Now that that special relationship appears to be well and truly restored, you can spend more time dealing with those long-needed workplace changes.

PISCES (February 19 to March 20) A new opportunity sounds promising. But watch out for any conditions that might be attached. Before making a decision, ask that each one be explained in detail.

BORN THIS WEEK: You can be distracted by promises of good times, yet you ultimately reach the goals you set for yourself.
